## Club Champion

The AFA Club Champion is determined by the results of **SIX** Competitions held throughout the year.

These are the AFA: **Beach  
Rock  
Estuary  
Deep Sea  
Freshwater  
Charter Boat**

### The way the point system is worked out

Points are allocated as per the 'Points per Kilogram' scoring system.

The angler who scores the most points wins the Competition – therefore scoring 100%.

Then all other competitors points are tallied, based on the winners points, giving each a percentage point of the winners catch (ie. Half the amount of points would mean they would score 50%).

All competitors scores are tallied throughout the season giving a total score out of a possible 600%.

The Competitor ranked highest after the results of the six competitions have been tallied is crowned Club Champion for the year.

Other Competitions held by the club throughout the year are the:

**Kingfish  
Mulloway  
Hairtail  
Boat v Shore  
Bob Cooper Open**

& of course **The Grunter Classic**

All of these six Competitions above are considered only Social Competitions have **No Bearing** on results for Club Champion.
