Photographing Your Fish

1. When you catch your fish simply lay the live fish with the nose in line with the "0" (zero) measurement on the brag mat.
2. Photograph the fish so the entire length can be seen in the photograph along with your Angler ID.
3. Remember to write your Angler ID CLEARLY on the brag mat. This can be written on a piece of paper etc and must be clearly displayed on the brag mat in the photograph.
4. When photographing your fish on the mat the dorsal fin must point towards the top of the brag mat. Any photographs submitted with fish belly towards the top of the mat will not be accepted. Flat fish are to be photographed belly down on the mat.
5. The dorsal fin MUST go to the top of the brag mat and the nose to the '0' measurement (flat fish belly down on the mat), if it does not your entry will be excluded from the competition.
6. Check your photograph to ensure the whole fish is in the photograph and the nose end of the fish is in line with the "0" (zero) measurement and the overall length along with the Angler ID clearly visible.
7. If you are not happy with the photograph, simply take another one.
8. Quickly release the fish and try to catch a bigger one.
9. Save the photo of your biggest fish and enter 1 entry before the closing time.
10. Only a fish caught by the registered angler can be entered.
11. Any photograph that shows a fish not alive or damaged will not be accepted.
12. Any photograph which has undergone digital manipulation, ie, photoshop, will be disqualified.
13. You can send/upload one photograph per angler to
 1. Cosi – 0425 048 003 &/or
 2. Sharon - 0488 645 204
